Dear Namrata Prakash Primlani,

Submission Ref: 26333

Please note that at the current time, all research projects involving interaction with human participants are required to use remote methods (e.g. videoconferencing) or postpone their research until the University lifts this restriction. Current guidance is available here

Following independent peer review of the above proposal*, I am pleased to inform you that **APPROVAL** has been granted on the basis of this proposal and subject to continued compliance with the University policies on ethics, informed consent, and any other policies applicable to your individual research. You should also have current Disclosure & Barring Service (DBS) clearance if your research involves working with children and/or vulnerable adults.

* note: Staff Low Risk applications are auto-approved without independent peer review.

The University's Policies and Procedures are here

All researchers must also notify this office of the following:

- Any changes to the study design, by submitting an 'Ethics Amendment Form'

- Any incidents which have an adverse effect on participants, researchers or study outcomes, by submitting an 'Ethical incident Form'

- Any suspension or abandonment of the study.

Please check your approved proposal for any Approval Conditions upon which approval has been made.
