

The NE Equalities Coalition is a group of voluntary and community sector (VCS) organisations with an interest in equality and diversity issues in the North East.

Our aim is to develop and sustain a VCS user-led collective voice on equality in the North East.

We do this by representing and supporting organisations, networks, communities and individuals, from the seven diversity strands, to develop, become stronger and to raise their voices to fight discrimination.

Those seven strands are: race, disability & deaf, religion or belief, gender, children & young people, older age, and lesbian, gay, bisexual & transgender.
